Whereas, It is the wish of his friends to construct a suitable memorial, either in bronze, marble, granite or some other material, and it is their desire to place the same, at their own cost and expense, either in the rotunda of the Capitol building at Austin or upon the Capitol grounds, for the purpose of perpetuating his memory; therefore, be it

Resolved, by the Senate of Texas, the House of Representatives concurring, That the Board of Control be authorized to grant such request, if one is made by a committee composed of Senator Bailey's friends for that purpose. This, with the understanding that said statue or monument will be stationed at a place to be agreed upon between the Board of Control and such committee.

## RELATIVE TO STATEMENT BY C. D. NEFF.

Mr. Purl offered the following resolution:

Whereas, There was received by the undersigned signer of this resolution in Thursday's mail the attached letter, marked exhibits A and B; and

Whereas, Serious charges have been made against one of the departments of our State government by the author of this letter, which this body cannot permit to ignore, the dignity and integrity and oath of office of every member of this body, as well as other constitutional officers of the State, should prompt this House to demand that the author of this communication be brought before the bar of the House, together with any documents that he might have in his possession, and furnish proof of these serious charges; therefore, be it

Resolved, That the Speaker of the House cause to be issued a subpoena duces tecum for C. D. Neff of Dallas, Texas, directing him to appear either before the bar of the House or the Committee on State Affairs, as this House may determine, on such date as may be fixed by the Speaker.

May 7th, 1929.

Hon. George C. Purl, State Representative, Austin, Texas.

Honorable Sir: An unsigned, slanderous, lying, libellous circular was distributed among members of the Legislature by someone favoring the blue sky law. Paragraph 4 of this circular is a lying, cowardly attack on the writer and positively libellous.

I believe I can prove to the satisfaction of an investigating committee that the present blue sky law has been incompetently, unfairly and, in my opinion, corruptly administered, and I can show such facts before an investigating committee.

I believe the circular to which I refer was gotten up by certain State officials who favor the passage of the blue sky law. I would request an open investigation into this matter.

If State officials sponsoring this blue sky law have been corrupt or have proven themselves incompetent or unfair in the administration of the present law, they are not entitled to any consideration. I know positively that whoever wrote the circular to which I refer is a dirty liar, and if I can get evidence to prove who got it out I will sue them for libel. Should they be the persons I think they are, they will be unable to hide behind the fact they are State officials and cannot be sued for acts performed by them as such, as was the defense set up when the Goldenrod Oil Company sued certain State officials in the Federal Court at Austin, Texas.

During the Regular Session, I tried to give data to the members of the House and Senate, setting forth objections to the blue sky law, which data and information left my office signed. I did not exceed the right and privilege of any citizen in fighting the passage of a law which I believe to be against the welfare of the majority of the citizens of the State of Texas, which law I believe was sponsored and supported, under cover, by monopolistic interests seeking to destroy the independent oil operators, whose activities and development work have made Texas one of the greatest oil-producing States in the Union.

Put across a resolution to investigate the administration of the present blue sky law, and I will introduce evidence that will startle and shock the entire citizenship of the State of Texas.

Very truly yours,  
(Signed) C. D. NEFF.

Dear Sir: Do you know? Blue sky permits are offered as a bonus to such promoters as will purchase personal property from certain State officials at an exorbitant price? This is a positive statement made by C. D. Neff, and competent testimony, fully corroborated, can be furnished to support this statement.

Do you know? State officials, in order to sell personal property and give as a bonus blue sky permits and permits to do business in the State of Texas, have stated a blue sky permit would keep the postal inspectors off of the promoter? This also can be proven. I can cite one particular instance of a promoter who was foolish enough to believe them and thought that through purchasing an oil painting from a certain State official's family he could avoid postal prosecution—but this gentleman is now in Leavenworth.

It is a fine mess of affairs! ! ! !

If the Texas Legislature will appoint an investigating committee whose personnel is not directly related or indirectly related by marriage or otherwise to prominent officials of major oil companies, or whose personnel is not acting as attorneys on special retainers for major oil companies, or men who are not heavy stockholders in certain major oil companies, evidence can be introduced before that committee of an unimpeachable nature that will prove conclusively that something is rotten as Hell in Denmark—or possibly a whole lot closer.

The modus operandi of carrying on this nefarious traffic was as follows:

The Hon. Mr. Martin or the Hon. Mr. Tilley, after selecting a victim, would write the party in question that he was operating contrary to the blue sky laws of the State of Texas and state that it was not their desire to place a hardship or burden upon the promoter, and invite him to come to Austin and show cause why the department should not proceed against him. The promoter then would bundle up his lawyer and go to Austin to straighten things out, and would show the department that he was not operating contrary to the blue sky law, but at the conference the department would make wild allegations and threaten action, knowing full well that if a promoter were carrying on a sales campaign, even outside of the State of Texas, and publicity were given a suit filed for violation of the blue sky law, regardless of the ultimate outcome of that suit, the promoter would be damaged to the extent of many thousands of dollars, and possibly lose valuable properties he was undertaking to develop.

At these conferences, one particular Assistant Attorney General would then drift off with the promoter and his attorney and tell them the story about Jim Ferguson selling a bull calf to the father of a man who was in the penitentiary, and that the point of the sale was that Jim would sell the father the calf so the son could be pardoned to lead the calf home. After getting across with this story, then the promoter and his lawyer would be shown some wonderful oil paintings in the personal home of an Assistant Attorney General, or would be shown some oil leases in wildcat territory, or some fractional oil royalties in wildcat territory, and would be given to understand, if he purchased the personal property thus offered for sale, he could immediately carry home

a blue sky permit or a permit to do business in Texas, as the case in question might be.

One particular promoter, formerly of Fort Worth and now in Leavenworth, fell for this line of bunk and bought the oil painting, coming back with the oil painting under one arm and a permit to do business in Texas under the other arm, and would laughingly point to the oil painting hanging on the walls of his office and state that it was his permit to do business in Texas.

In fact, that particular promoter became quite a booster for the officials and would tell all and sundry promoters with whom he was personally acquainted that there was no need to worry about the postal inspectors if a fellow would go to Austin and square off and do a little shopping with the boys around the Capitol.

The writer of this letter was personally approached by certain State officials, first, to purchase an oil painting; second, to buy oil leases; third, to buy some oil royalty; and finally I was told I would have to employ a certain hand-picked auditor; all of which I absolutely refused to do, and when I refused to do so I notified my shareholders of the difficulties we were having and the probable law suits that would be filed, fifteen days before they were filed.

Another promoter, from Amarillo, was forced to employ auditors, and the correspondence had between that promoter and various State officials, hand-picked auditors, etc., can, I feel sure, be introduced before an investigating committee.

In this particular instance, a little different story was told to the lawyer representing the promoter in question, which story is too obscene to put in writing, but it had to do with a negro woman who, during the days of reconstruction, sought a divorce from her husband, to whom she had only been married a few days, and the learned colored judge's advice to this negro woman was the tip to the promoter as to how his difficulties could be settled.

There is in the State of Texas a corrupt receivership trust that exists and has its being at the expense of promotional companies, through which millions of dollars worth of properties have been corruptly and illegally taken from the shareholders to whom they belonged. This receivership trust does not operate exclusively in Federal courts. In fact, one of the biggest steals made in the

State of Texas through corrupt receiverships happened through the State courts.

Yours very truly,  
(Signed) C. D. NEFF.

The resolution was read second time.

Mr. Petsch offered the following substitute for the resolution:

Whereas, The House of Representatives has absolute confidence in the integrity of the Secretary of State and the Attorney General's Department and has no confidence in the charges of C. D. Neff; therefore, be it

Resolved, That we so declare the sentiments and the opinion of the House of Representatives.

Signed—Petsch, Hogg, Keller.

Mr. Woodruff moved that the resolution be referred to the Committee on State Affairs.

#### RESOLUTION SIGNED BY THE SPEAKER.

The Speaker signed, in the presence of the House, after giving due notice thereof and its caption had been read, the following enrolled resolution:

S. C. R. No. 5, Relating to memorial for Senator Joseph Weldon Bailey.

#### MESSAGE FROM THE GOVERNOR.

Mr. Mark Wiginton, secretary to the Governor, appeared at the bar of the House and, being duly announced, presented the following message from the Governor, which was read to the House, as follows:

Executive Office,

Austin, Texas, May 9, 1929.

To the Members of the Forty-first Legislature:

Some of your number who have been giving thought and attention to the matter of providing adequate revenues for the development of our highway system are impressed with the thought that the situation would be improved and the problem of working out proper legislation to finance highway construction and maintenance would be more easily solved if subjects are submitted broad enough to admit legislative consideration of the license fees imposed upon motor vehicles. In deference to their judgment in the matter and in the hope that it will facilitate the adoption of proper laws to adequately and equitably finance highway development, I

submit for your consideration the subject of laws dealing with revenues derived from license fees imposed upon motor vehicles.

Respectfully submitted,  
DAN MOODY,  
Governor.

#### NOTICE GIVEN.

Mr. McCombs gave notice that on tomorrow he would move to rerefer the gasoline tax bill to the Committee on Revenue and Taxation.
